Tractor Tracks, LLC

Professional Tractor Pulling Management

Terms and Conditions

The following Terms and Conditions are incorporated into and made part of the Pulling Agreement between the Organization and Tractor Tracks, LLC.

Priorities. The Number One priority for Tractor Tracks, LLC is **safety**. We don't want anyone to get hurt. Our next priority is to conduct an **honest pull** with no legitimate complaints. Our third priority is to **have fun**. None of us are pulling for the money. If we don't have fun, the great sport of antique tractor pulling will end. We also strive to help the Organization conduct a **successful pull** to earn consideration for repeat business. Our future business depends on how well we operate together. These Terms and Conditions will help keep us **friends**.

Reserved Dates. The Internet web site www.tractortracks.net has a Pulling Schedule of Tentative Dates for tractor pulls. It also highlights the Reserved Dates. To avoid miscommunication of verbal discussions, **no tentative pull date is a Reserved Date unless:**

1. Organization Representative has talked to a Managing Member of Tractor Tracks, LLC
2. Organization Representative has completed and returned this Pulling Agreement
3. Tractor Tracks, LLC has received a Deposit of at least \$100
4. Tractor Tracks, LLC has returned a signed Pulling Agreement to the Organization.

Insurance. Tractor Tracks, LLC has a liability insurance policy on its equipment, but it does not extend to every Organization conducting a pull. **The Organization must carry liability insurance coverage** for the complete pull including spectators, participants, pullers, workers, volunteers, and equipment. **The Organization's insurance policy must list Tractor Tracks, LLC as additional insured.** A copy of the Organization's policy or binder should be faxed to Tractor Tracks, LLC at **920-867-3610** at least one day prior to the pull. New for 2010 – if your Organization doesn't list Tractor Tracks, LLC as additional insured under your policy, the your Organization will be listed as Additional Insured under Tractor Tracks, LLC's policy for an extra fee of \$300.

Fuel Surcharge. Required. Because fuel costs have skyrocketed lately, the actual out-of-pocket costs of transporting a heavy eliminator and other equipment necessary to conduct a pull have also increased. Therefore, the Organization agrees to pay a transportation fuel surcharge of \$1.00 per mile. The transportation distance is to be measured by actual odometer readings or by Internet mileage calculations using the most reasonable roads to transport the eliminator and equipment from W1638 Aniwa Road, Weyauwega, WI to the pull site and back.

Rain Date. Tractor Tracks, LLC has pulls scheduled for almost every Saturday and Sunday during the pulling season. **A Reserved Date is good for only that exact day.** If the Organization wishes to reserve another date in case of rain, it must be reserved in advance and requires a separate Pulling Agreement. The \$400.00 charge for scheduling a Rain Date is less than half of the charge of a Reserved Date. If a Reserved Date is rained out and the Organization informs Tractor Tracks, LLC before we leave our shop, then the deposit carries to the next year.

Breakdowns. Tractor Tracks, LLC uses the latest, professionally built, reliability tested, eliminator and scale in the State of Wisconsin. However, breakdowns are inevitable. Every effort will be made to fix the problem so the pull can continue. If the pull is unable to be completed due to our equipment breakdown, then the charge for the pull will be prorated based on the number of pulls completed compared to the number of pulls registered.

Pull Management. Optional. Contact Tractor Tracks, LLC for professional tractor pull management. Complete turnkey pulls are available. Rules, advertising, registration, track officials, site selection, track boundaries, bleachers, parking, food, refreshments, tickets, insurance, grading equipment, multiple eliminators, dates, times, and other concerns **are options** that can be handled by Tractor Tracks, LLC. Call for special prices.
